LADACIN Network is continuing to move forward providing an array of programs and services for more than 3,500 infants, children and adults with disabilities and their families. The Agency focuses on positively affecting the quality of life for people with disabilities and assists them to attain their maximum level of independence.

In response to significant fiscal and regulatory changes we strongly advocated for our families, programs and services with success. These efforts led to opportunities to work with some of the new Commissioners of State government, new Legislators and the Governor’s office through our trade associations.

The Schroth School was monitored by the New Jersey Department of Education Office of Special Education Programs and achieved an excellent rating. The state special education offices provide leadership to ensure compliance with state and federal regulations and to establish standards that promote improved outcomes for students with disabilities.

We were able to implement an electronic health record system to be used in our programs and launched an exciting new website, more attractive and easier to navigate, which is creating opportunities to expand our outreach by targeting potential clients and supporters.

Generous support from several foundations allowed the Agency to install a security system at the Lehmann Center, purchase 2 SMART Boards for Schroth and Lehmann Adult programs, sensory equipment for Schroth School and 25 laptops to be used in our Early Intervention program. We also secured funding for our clinic program and the Child Care and Preschool Learning Together Initiative.

LADACIN was proud to be recognized in the community by some well-regarded organizations this past year. In November 2017, I was honored with the ATHENA Award by the Monmouth Regional Chamber of Commerce which is an international award that celebrates the potential of all women as valued members and leaders of the community. It is given to individuals who strive for the highest levels of professional accomplishment. In January 2018, LADACIN was recognized as a winner of the Spinnaker Award for Non-profit of the Year. This award, of the Eastern Monmouth Area Chamber of Commerce, honors those businesses and individuals who give of themselves to make life better for the community. We were also the proud charity recipient of the Rumson St. Patrick’s Day parade in March, 2018.
We are forever grateful to our contributors, community partners and volunteers. Your generous assistance through the years has enabled us to address the increasing needs of our clientele and expand our services. As we look to the challenges of the future, your support will make a difference in the lives of the people we serve.

Patricia Carlesimo  
Executive Director

Annual Corporate Sponsorship Program

The Annual Corporate Sponsorship Program is a partnership between LADACIN Network and participating Corporate Sponsors to advance the needs of infants, children and adults with complex physical and developmental disabilities or delays in Monmouth and Ocean Counties. A donation of $5,000 or more entitles a sponsor to Corporate Sponsorship status and recognition at all Agency special events.
